4. Areas of cooperation

4.1 The implementing authorities intend that the areas of cooperation will include, but not be limited to:

a. Participation in investigations conducted by either implementing authority;

b. Making places available on training courses hosted by either implementing authority, for the personnel of the other implementing authority, that relate to enhancing the capabilities and professionalism of transport safety investigators;
c. Developing and sharing transport safety investigation methods and techniques in line with recognised international standards;

d. Developing and sharing corporate support services and systems for the effective conduct of transport safety investigations;

e. Providing forums for discussion to promote the development of effective investigation laws, policies and procedures to address international standards for transport safety investigations;

f. Providing the opportunity for orientation visits and staff exchanges;

g. Where facilities exist, assistance in the readout of electronic or other vehicle data collected in the course of a safety investigation, including Flight Data Recorders, Cockpit Voice Recorders and Voyage Data Recorders.

4.2 The implementing authorities will establish a Work Program to facilitate action on the areas of cooperation above, in accordance with paragraph 2d. of the Memorandum of Understanding.

5. Commitment of Personnel and other Resources

5.1 The commitment of personnel and resources will be in accordance with paragraph 4b. of the Memorandum of Understanding.

6. Procedural arrangements for participation in an investigation

Aviation

6.1 In the event of an aviation accident or incident, participation will be in accordance with Annex 13 to Convention on International Civil Aviation (Chicago Convention), done at Chicago on 7 December 1944, subject to any differences lodged in accordance with article 38 of the Chicago Convention.

Maritime

6.2 In the event of a marine casualty or incident, participation will be in accordance with the ‘Code of the International Standards and Recommended Practices for a Safety Investigation into a Marine Casualty or Marine Incident’ (Casualty Investigation Code) annexed to the International Convention for the Safety of Life at Sea (SOLAS), done at London on 1 November 1974. Participation will be in accordance with the Casualty Investigation Code, subject to any differences to the Recommended Practices that the Parties to the Memorandum of Understanding have notified each other of.
7. Amendment

7.1 After coming into effect, this Annex may be added to or amended at any time by mutual consent of the implementing authorities specified in paragraph 2.1.

8. Date of effect, duration and termination

8.1 This Annex will come into effect on the date of its signing;
8.2 This Annex will remain in effect for the life of the Memorandum of Understanding;
8.3 This Annex will terminate on the same date as the termination of the Memorandum of Understanding. This Annex may be terminated separately to the Memorandum of Understanding by either implementing authority for this Annex notifying the other implementing authority of its intention to terminate this Annex at least 6 (six) months in advance.
IN WITNESS WHEREOF, the Undersigned duly authorised thereto by their respective governments, have signed this Annex to the Memorandum of Understanding between the Government of Papua New Guinea and the Government of Australia on Cooperation in the Transport Sector.

Signed at Brisbane on this 13th day of November 2009
